# **Bicycle and Pedestrian Master Plan**

#### **GET INVOLVED!**

We want to hear your opinion on the existing and future bicycle and pedestrian network! Take the online survey now by scanning the <u>OR code below</u>:

#### What is the Purpose of this Plan?

The existing bicycle and pedestrian network in the Sheboygan Metropolitan Planning Area (MPA) contains gaps that often force bicyclists and pedestrians to use high-traffic and high-speed roads, use unsafe intersection, break traffic laws, or choose a different mode of transportation. The aim of this plan is to connect the people within the MPA by a safe, convenient, and enjoyable bicycle and pedestrian network that is accessible and comfortable for individuals of all ages and abilities. Furthermore, when completed, the plan will provide recommendations to enhance the existing infrastructure, and provide recommendations to close the existing gaps in each municipality within the Sheboygan MPA.

### **Benefits of Walking and Bicycling**

Sheboygan County population that is considered to be obese.
