The Town of Brazeau’s diverse landscape includes an abundance of forestlands, quality open space and scenic waterways. Development is sensitive to the natural environment creating an active community for quality residential living and recreational activities. The town’s collection of well maintained parks and trails contribute to the town’s rural makeup providing year-round opportunities for recreation to both residents and visitors.

Recommendations for Concept Plan (Pilot Estimates):
- Picnic Tables 4 x $200
- Park Sign (1) & DNR Interpretive Signs (4) $199-2,000
- Pathway/Trail $1,500-2,000
- Garbage & Recycling Cans $300-600
- Community Garden $3,750-7,000
- Gravel Parking Lot $500-1,000
Town of Brazeau Comprehensive Outdoor Recreation Plan Goals
1. To assure sufficient park space to meet the needs of the present and future populations
2. Design parks to balance the capacity of park areas with the individual and group recreational user needs.
3. Preserve the environment for present and future parks and open space.
4. Set priorities for the capital improvement of the parks.
5. Minimize efforts to reduce cost of park operations and maintenance.
6. Design and maintain park areas and facilities, considering behavioral control, handicapped accessibility (ADA), and the use patterns of the parks.
