Housing

20-Year Vision for the Town of Riverview

The Town of Riverview 20-Year Comprehensive Plan, adopted in the summer of 2016, tasks Town Hall officials and residents of the Town of Riverview to undertake a series of projects and activities to improve the town's quality of life and sustainability. The plan will guide the town's growth and development over the next 20 years, ensuring that the town remains a welcoming and vibrant community for all.

Introduction

The Town of Riverview is a rural community located in Oconto County, Wisconsin. The town is known for its natural beauty, with lakes and rivers running through the area. The town is also home to a variety of businesses and organizations, including the Oconto County UW-Extension and the Oconto County Commission on Aging.

The Comprehensive Plan was developed to guide the town's growth and development over the next 20 years. The plan is based on input from town officials, residents, and stakeholders, and it identifies goals and objectives for improving the town's quality of life and sustainability.

The plan includes sections on economic development, housing, transportation, utilities, and natural resources. It also includes a summary of the town's natural resources, including its water features and forests.

The plan is intended to guide the town's growth and development over the next 20 years, ensuring that the town remains a welcoming and vibrant community for all.

Housing

Objectives:

- To increase the supply of housing in the town, while maintaining affordability and accessibility for all residents.
- To encourage the development of sustainable and energy-efficient housing options.
- To improve the quality of existing housing in the town.

Objectives:

- To increase the supply of housing in the town, while maintaining affordability and accessibility for all residents.
- To encourage the development of sustainable and energy-efficient housing options.
- To improve the quality of existing housing in the town.

Objectives:

- To increase the supply of housing in the town, while maintaining affordability and accessibility for all residents.
- To encourage the development of sustainable and energy-efficient housing options.
- To improve the quality of existing housing in the town.

Objectives:

- To increase the supply of housing in the town, while maintaining affordability and accessibility for all residents.
- To encourage the development of sustainable and energy-efficient housing options.
- To improve the quality of existing housing in the town.
