Advanced Notification of Treatment is not required

The Department has received and reviewed your application to chemically treat up to 302 acres of aquatic invasive species in Kewaunee County. Aspects of this permit may not be changed. Please go to this web address:

<https://permits.dnr.wi.gov/water/SitePages/Permit%20Search.aspx> to search for and download the permit documents. Your permit application meets the minimum requirements by law and a permit is being issued with the following conditions.

1. It is the responsibility of the applicant to follow the treatment plan outlined in the permit application and permit conditions. The treatment notification protocols, treatment plan, and reporting protocols shall be performed in compliance with Wis. Stat. ss. 23.24(6) and 281.98 and restriction of aquatic plant management activities for subsequent years under Wis. Adm. Code Ch. NR 107. The conditions and treatment plan are required to be followed to ensure efficacy of the treatment.
2. The Department waives its advanced notification requirements for this permit. This does not waive requirements for public notification.
3. You shall submit the Aquatic Plant Management Treatment record on the most updated form supplied by the Department as follows:
 - a. Immediately, if any unusual circumstances occur during treatment.
 - b. Within 30 days, if treatment occurs.
 - c. By October 1 of this year if no treatment occurred.

4. The Department may stop or limit the application of chemicals to a body of water if at any time it determines that the treatment will be ineffective or will result in unreasonable restrictions on current water uses or will produce unnecessary adverse side effects on nontarget organisms.
5. You shall have a paper or electronic copy of this cover letter and permit with the individual conducting the treatment.

Please Note:

If you believe that you have a right to challenge this decision, you should know that Wisconsin statutes and administrative rules establish time periods within which requests to review Department decisions must be filed. For judicial review of a decision pursuant to ss. 227.52 and 227.53, Wis. Stats., you have 30 days after the decision is mailed or otherwise served by the Department, to file your petition with the appropriate circuit court and serve the petition on the Department. Such a petition for judicial review shall name the Department of Natural Resources as the respondent. This notice is provided pursuant to s. 227.48(2), Wis. Stats. To request a contested case hearing pursuant to s. 227.42, Wis. Stats., you have 30 days after the decision is mailed, or otherwise served by the Department, to serve a petition for hearing on the Secretary of the Department of Natural Resources. The filing of a request for a contested case hearing is not a prerequisite for judicial review and does not extend the 30-day period for filing a petition for judicial review.
