NOTES: The following funding codes are used to identify Federal and other funding sources:

5339 = Section 5339 (formerly Section 5309) Federal Transit Administration funding will be the Federal funding source. This is also known as the Buses and Bus Facilities Grants program.

CMAQ = The Congestion Mitigation and Air Quality improvement program will be the Federal funding source; this is a competitive program for Wisconsin's air quality nonattainment and maintenance areas administered by the WisDOT Bureau of Transit, Local Roads, Railroads and Harbors.

VW = Funding from the Volkswagen Diesel Emissions Environmental Mitigation Trust will be an "other" funding source. This funding does not require a local match unless a sponsor subsequently exceeds the capped amount of an awarded project.
