

2026 *Community Project Survey*

OF THE BAY-LAKE REGION

The Bay-Lake Regional Planning Commission's 2026 Community Project Survey is aimed to gather information on planned and proposed projects from municipalities across the region. This survey enables the Commission to stay informed about local priorities while also identifying opportunities to support projects through funding resources and technical assistance. Submitted projects may also be incorporated into the region's Comprehensive Economic Development Strategy (CEDS), providing an additional tool for communities to strengthen grant applications and advance project development.

Survey responses are due by August 31st, 2026. It is recommended that the survey is submitted electronically but you may also email the completed survey to sswan@baylakerpc.org. Please scan the QR Code or visit www.baylakerpc.org/ceds to review the Q&A flyer and/or to submit the survey online.
